CHOICE ART EXHIBIT AT THE GRAMMAR SCHOOL.

Principal Robert W. Mantz of the grammar school has arranged with Elson & Company of Boston to have their well known art exhibition held in the assembly hall of the grammar school from March 27th to 31st next. This exhibition will be an educational event for the schools and a treat for the art-loving members of the community.

The exhibition comprises a series of pictures covering Egyptian, Greek and Italian art, Dutch and modern paintings selected for school purposes by such authorities as Dr. VanDyke of Rutger's college, Prof. Larbell of the University of Chicago and Dr. Martin of the Hague. The pictures of each period of art will be hung together.

The collection contains 200 large subjects reproduced in carbon photographs, photogravures and etchings, besides a number of smaller pictures known as Elson pictures, and prints and pictures in color, called copper-plate paintings.

The exhibition will be for the benefit of the grammar school and the high school. A small admission will be charged and the proceeds will be used for the purchase of pictures for the schools, each school having the benefit of the proceeds of its own sale of tickets.

New Industry at Portola

MENLO PARK, Febuary 9—Announcement has been made by the University Realty Company of Palo Alto of the sale of sixty-one acres of the Peter Faber estate in Portola valley, to the brothers of Drs. Hartland and Herbert Law, who are the proprietors of a big medical manufactory in San Francisco. The estate is located in the lower Woodside valley and is crossed by a living stream from the La Honda hills. It is part of the 26,000-acre rnach which formerly was the property of Maximo Martinez, an early Spanish settler of San Mateo county. It was popularly known as the Bruno strawberry garden. The Laws state that they will put up buildings on the tract, including about five acres of hothouses or lath protections, equal in value to the land itself in the near future. It is expected that they will utilize the place as a part of their medical plant for the production of a health-restoring tonic largely composed of steeped herbs. Two years ago Luther Burbank was interested with them in the project, but withdrew after a short time. Some idea of the cost of the plant can be obtained by comparing it with the cost of the land, which it is said was $16,000.

Robert Brown Retires

Robert Brown, the respected and reliable contractor who has been engaged in work here for many years, has retired from active employment and handed his business over to Charles Locker and John Daly, two experienced and well-known carpenters who have resided for many years in this city. The new contractors start in business under the most favorable auspices, their predecessor, Mr. Brown, having enjoyed the confidence of a host of friends and patrons. Mr. Brown recently suffered a severe illness, from which he has now almost completely recovered. He feels, however, that after a long and active career he is entitled to a rest. It is hoped that his years may be many and enjoyable.

Patriotic Exercises at School

Lincoln's Birthday was observed by appropriate exercises in the class rooms of the grammar school during the morning and at11 o'clock the entire school assembled in the school auditorium to sing patriotic songs and listen to a talk by School Superintendent Roy W. Cloud. Mr. Cloud's talk was in simple language that all could understand. Mr. Carrington sang the Star Spangled Banner, eight little people from the receiving class sang the Story of the Flag and twelve boys from the third and fourth grades sang the song of Abraham Lincoln. Sheriff Mansfield was to have given his presonal recollections of Abraham Lincoln but was prevented by a cold.

Margaret, the little daughter of Mr. and Mrs. T. C. Rice, was hostess at a pretty children's party on Saturday afternoon, the day being her seventh birthday.

RELIEF CORPS WOMEN ENTERTAIN VETERANS

LINCOLN'S BIRTHDAY AND THE CORPS' TWENTY-FIFTH ANNIVERSARY CELEBRATED.

Happy Reunion in I. O. O. F. Hall With Banquet, Literary Exercises and Speech-Making.

Solemn, patriotic and memorable were the exercises at the Odd Fellows' hall Monday evening when Gen. George S. Evans Women's Relief Corps observed its 25th anniversary and celebrated the birthday of Lincoln. About 150 guests were present who were generously entertained.

The members of the corps, the Grand Army veterans and the guests, numbering in all over 200, met in the upper hall and marched in a body down to the banquet room. Here a scene of beauty was presented. The large room was appropriately decorated with potted palms, streamers of red, white and blue and American flags, smilax and silver paper representative of the silver anniversary, while the figures "25", large and in silver hung up as a reminder that this was the silver anniversary of Gen. Geo. S. Evans corps, an organization that has done much in Redwood City during its lifetime to promote patriotism among young and old.

The tables at which the guests were seated were prettily decorated and on that provided for the Grand Army veterans was placed a large cake on which burned twenty-five small candles.

For an hour or more the corps and its guests enjoyed a splendid repast which was served by a bevy of young girls who wore pretty costumes. While the meal was in progress Jamieson's orchestra rendered a program of choice musical selections.

At the close of the supper all adjourned to the upper hall, which was also a profusion of appropriate decorations. When the audience was seated, a program was rendered that seemed to imbue the spirit of fraternity into all of those present.

Of the four remaining charter members, three were present, Mrs. Geraldine E. Frisbie, Mrs. Sarah T. Fox, and Mrs. Lizzie Sampson. All regretted that the fourth member, Mrs. Rhodes was detained at home by poor health. Mrs. Elizabeth D'Arcy Kinne, past national president of the order, and who instituted Gen. Geo. S. Evans corps twenty-five years ago, was also present, and in a very interesting talk she referred to this corps as "one of her children of whom she was very proud." She was presented with a beautiful bouquet of carnations. The charter members were each presented by Mrs. Martha George, the president of the corps, with appropriate silver souvenirs, and each responded feelingly.

Mrs. George announced the following program, which was carried out to the great enjoyment of the assemblage.

Overture by Jamieson's orchestra.

Address by Mrs. Robert Brown, patriotic instructor of the corps, as follows:

The object of this meeting is to celebrate our twenty-fifth anniversary and also the memory of Abraham Lincoln. We are very glad and grateful to see so many of our friends here. We bid you a most cordial welcome and we hope you will help us make this an occasion to be long remembered by us all. The committee has worked hard to give you pleasure and now it rests with you whether you enjoy yourself or not. As I have been appointed Patriotic Instructor of this corps, it is my duty to talk patriotism on all occasions and what I say tonight will be along that line of our work.

The Women's Relief Corps began its active patriotic work by appointing a committee to teach patriotism to the 3000 corps at their convention held in Indianapolis, and afterwards they appointed a patriotic instructor in each corps. The Grand Army of the Republic, following in the footsteps of the Women's Relief Corps took up the work at their national convention held in Denver. At the national convention held in Buffalo, New York, the Women's Relief Corps introduced the flag ritual into their work and since that time patriotism has grown and now thousands of silk flags are used in every state where the Women's Relief Corps has planted its standard of Fraternity, Charity and Loyalty. In summing up the work of the Women's Relief Corps it can be truthfully said no other organization in the world has done so much to increase patriotism. In seven years over 900,000 flags have been unfurled in and over our public and private schools and today over 15,000,000 children are saluting the flag in the morning exercizes in the opening of the schools. This glorious achievement has been accomplished by the Women's Relief Corps and a great wave of patriotism is sweeping over our land. The Stars Spangled Banner must lead the procession or it cannot march, for there is room for only one flag in this country. The American flag floats today a wonder to the civilized nations. Just one century and nearly 35 years ago its beautiful folds were flung to the winds of heaven and its stars have increased until upon its dominion the sun never sets. With never the loss of one star but a constant gain, with no stain upon its crimson and white, it floats in radiance upon the winds of blood-wrought freedom, loved and venerated at home, respected and feared abroad. The type of all that is highest and holiest in human aspirations, it is an emblem of all that is brightest and best in human achievements. On June 14, 1777, at the American Congress in session in Independence Hall, Philadelphia, it was "Resolved that the flag of the United States be thirteen stripes, alternate red and white," and "the United States be thirteen stars, white on a blue field representing a new constallation." This is all we know about how the flag became the beautiful thing it now is. Not a scrap of paper came down to us to tell us who selected the combination of red, white and blue. It is not difficult for one who loves the flag to believe it was a heaven inspired banner, for does not the starry corner look like a bit of the starry heavens? The red stripe a language of valor and sacrifice, and the white stripe the emblem of truth and hope; the blue signifies sincerity and justice.

A human heart may be filled with patriotism but the love of country is truest and best when stayed on God.

Song, "Flag of the Free," Mrs. Lizzie Hanson.

WARNING NOTES FROM SAN FRANCISCO RESIDENT.

Editor Gazette—Dear Sir: I am a property owner in San Francisco as well as San Mateo county and would like to present my views to the property owners of San Mateo county on the proposed annexation. Of course San Francisco wants to annex San Mateo. San Francisco has everything to gain and nothing to lose. Has San Mateo anything to gain?

If San Mateo county is annexed San Mateo will be the suburbs, the outskirts of San Francisco. To appreciate that fact in its fullest one must live in the suburbs, and belong to an improvement club and work for the necessary improvements that you must have to develope your district. If you do that you will be ready to say to San Mateo, "Look out—be very careful, San Francisco will gobble you if it can."

The puzzling question, so hard to answer by many people—"Why do families, who do not desire to live in the heart of San Francisco, go out of the county to reside" is of a very simple solution. There is nothing to attract residents to our present suburbs. We have no streets, no gas, no electric lights, no sewer, no adequate police protection and no fire protection, while we have streets that are ungraded and a disgrace to the city, high insurance and high taxes, going higher. For the taxes have been used for the heart of the city. The outskirts get a few dollars doled out to them when the pressure and indignation becomes too great and the usual promises too pie-crusty.

Does San Mateo want to become the suburbs of San Francisco, neglected and only appreciated for the taxes which will help pay for the civic center, miles away?

Every voter should take a day off and visit the southern boundaries of San Francisco county. If you San Mateo property owners do that you will never vote for "annexation."

Sincerely,
Rome B. Hutchison,
4627 San Bruno Ave.
San Francisco, Feb. 12.

Bonding Local Property

A San Francisco real estate man was among the residents of the southern and eastern parts of town last week seeking options on property. His visit has caused much speculation but no one has yet been able to learn what the move means.

The many friends of Mrs. S. T. Ferguson of Minneapolis will be glad to know that she will be the guest of her sister, Mrs. Lila Kirkpatrick, until April. Mrs. Witchen of Portland is also the house guest of Mrs. Kirkpatrick.

CITY OFFICIAL PAPER

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

Much interest has already de-deloped among the residents of South San Frnacisco in the coming municipal election. A number of names have already been suggested as suitable candidates for city trustes, among these being E. N. Brown, Peter Lund and J. H. Kelley, the latter now one of the trustees of the school district.

Report has it that the rollinghills and beautiful oak groves of the Mills estate at Millbrae is to be subdivided into residence tracts of four and five acres each and placed on the market. The location is a sightly one, suited to the attraction of people of large means, and the projectors expect to attract a population which will rival that of Burlingame and Hillsborough.

At the suggestion of Principal George E. Britton, the trustees of the South San Francisco school district are considering plans for the installation of a number of play ground accessories for the schools. These will include both a handball and basketball court, as well as smaller athletic apparatus.

Carlo Raffanti has purchased the P. Ganger ranch near Halfmoon Bay. It is said that the consideration was $4500.

A decided change in the management of the Bankof Halfmoon Bay has been made. S. Goldman, who has been the principal stockholder of the bank, has sold his 95 shares to local capitalists, among these being C. W. Borden, Horace Nelson, Joseph Debenedetti, Joseph Francis, Joe Fernandez and J.J . Gomes. It is understood that Supervisor Francis is to be made the new president of the bank.

Work on the new Montara-Faralon church is to be commenced immediately. At a recent meeting of those interested in the work, final plans of organization were completed for the building.

A series of revival meetings is being conducted at the Halfmoon Bay Methodist church and will be continued every evening during next week. The services are being conducted by Rev. H. C. Richardson, assisted by W. C. Robbins and Frank E. Hewett, the latter an evangelical singer of some note.

The Socialist party of Burlingame will enter the municipal campaign with a full ticket, having named as its candidates E. Alexander, J. E.Murdock and E. Sablatchen for trustees; J. A. Burkhardt for clerk and W. W. Dessen for treasurer. This will probably mean the dividing of the contest into a three cornered fight, as the Good Government League already has a ticket in the field and it is a practical certainty that a ticket will be nominated by the Property OwnersA sociation.

Burlingame is to have a postal savings bank. The new department is to be opened on the 23d of the presentmonth.

Under the direction of Prof. Quayle, the fight against the mosquito plague is now being waged on the Millbrae marshes. The cities of San Mateo and Hillsborough are bearing a portion of the expense of the campaign against the pest.

Peter F. Callan, a priminent dairyman of Colma, was married at St. Thomas' church at Palo Alto last Sunday morning to Frances Everett of that place. The young couple will reside at Colma.

Belmont News Notes.

The Belmont Athletic and Improvement Club has elected the following officers: H. E. Purdy, president; A. Hansen, vice president; R. Wilson, secretary-treasurer. The new club rooms are nearly complete andarrangements are being made by the club for a moving picture show on one evening of each week.

Last Saturday the basket ball team from the Belmont military academy contested with the Berkeley high school team. The game went to the Berkeley team by a score of 50 to 26. The illness of two ofthe leading players of the Belmont team probably accounts at least in part for the defeat.

P.A. Archibald, who has been recuperating at Santa Cruz, has returned to his home here.

Mrs. Walter Nichelson, who has been ona visit to her mother in Waco, Texas, returned to her home last last week.

Miss Mabel Murphy of Sacramento, is visiting with her brother, J. M. Murphy of the American Hotel.

San Carlos Items

Av ery enjoyable party was given by Master Frank Haydock to his little playmates. The party combined St. Valentine's day as well as Washington's birthday. Master Haydock represented George Washington thus, "Love for Country, while Miss Gladys who wore a beautiful white dress with hearts as the decoration represented "The love for each other." The table decorations were both unique and beautiful. In the center of the table was a large cake, which had the honor of holding the emblem of "liberty" from which streamers of red ribbon were drawn gracefully and fastened to the favors; which were heart shapedboxes filled with candy. As a surprise the ice cream was served in the daintiest manner, in little baskets. Nothing was spared to make the day linger in the minds of the children. Recitations, games and a little romp concluded the party for the afternoon. Place cards were set for: Miss Dorothy Rich, Miss Eileen Quinn, Miss Gladys Haydock and Masters Jack Poole, Robert Poole, Bert Johnson, Merrit Hosmer, Maury Cowgill, Kendall Towne and Stanley Matoon. In the evening he entertained his older play-mates, who likewise shared in the "goodies" with the additional game of hearts. Among those present were Miss Marion Johnson, Masters Frank Quinn, Lyle Clark and others.

Mr. and Mrs. L. La Place were among those who were visiting at the home of Mr. and Mrs. Frank Quinn during the week.

Miss Eileen Quinn returned to the city after a month's visit to her aunt.

Who was the youth who spent Sunday afternoon leaning on the turn-style at San Carlos? Who did he wait for in vain. This young man could sing "All Alone" to perfection I am sure.

Mr. and Mrs. Paulsen were in Sa Carlos Sunday to arrange for the laying out of their grounds as they plan to erect a beautiful home in the near future. San Carlos extends a royal welcome to them.

Our genial and efficient agent, Mr. Cowgill is soon to begin the erection of a pretty bungalow which will be his home. We also extend to the family a most hearty welcome.

Miss Quinn, accompanied by her mother, attended a "hardtimes party" in Belmont Wednesday eve. It is said that every one participating had an excellent time.

Pescadero Correspondence.

CITIZENS CONSIDER MUNICIPAL NEEDS

Mass Convention Clears Way for Harmonious Selection of City Officials.

The seating capacity of the council room in the new city hall was tested to its utmost capacity Monday evening, when the citizens of the city assembled in mass meeting, to take part in the selection of candidates for the municipal officers to the filled at the election in April. Every chair and every inch of standing room was occupied bymore than 150 representatives of every walk of life called together for the performance of an important civic duty. That the women of the city are fully awake to the demands of their new political dduties was evidenced by the large number of representativ women present and well as the active part taken by them in the business assemblage.

Trustee Edward H. Sampson, president of the Good Government League, called the assemblage to order, and as a reason for the calling of the meeting read the resolutions adopted at a recent meeting of the executive committee of the league. Satisfied with what had already been accomplished for the betterment of local conditions, the members of the league believed that the prosperity of the city could be best served by securing the united action of all elements of the community.

Upon a call for the selection of permanent officers, Charles G. Landscheit was elected chairman and Mrs. George Gunther secretary.

The chairman called upon the city attorney to enlighten the assemblage regarding the election laws and Mr. Mansfield responded with a short talk on the subject, informing the meeting among other things that the primary law did not apply to cities of the sixth class in which Redwood City is included.

Mayor Merrill was called upon to give the meeting some information as to the duties of the council and responded cheerfully with a talk although he declined to discuss very fully the subject given him by the chairman. He stated quite truthfully that an aggressive trustee could not well avoid creating some animosities, but urged that new members of the council should not be swerved from their duties to the entire community from and fear of individnal criticism. While he believed that in the selection of candidates it would be well to as far as possible to consider geographical divisions of the city, this might in some respects be found a difficult matter. He urged that at least one of the new trustees should be a good financier, not solely with a view of securing a watchdog of the treasury but that his colleagues might at all times be kept informed as to the financial condition of the city. During his term of office he had become impressed with the advantage of having a commuter on the board as much of the business of the city required freqquent communication with men whose places of were in San Francisco. He also called attention to the need of a revision and modification of the records of the city which at present were not in a condition to be available for the information of its officials, In conclusion, Mr. Merrill took occasion to make it plain that he would not again be a candidate for trustee.

Geo. W. Lovie congratulated the assemblage upon the completion of the new municipal building and the determonation to enter upon the new era of local prosperity, urging harmony in the conduct of civic affairs. While not in entire harmony with the Good Government League, he was ready to congratulate the members upon the good that had been accomplished. Taking advantage of the opportunity to secure the attention of a large gathering of representative citizens he craved the privilege of digressingfrom the announced purpose of the meeting and urged the importance of the proposed issuance of bonds of the city for the purpose of providing funds for the improvement of street intersections as an encouragement to the property owners who would be called upon to bear the cost ofpaving the portions of the streets fronting upon their property.

Coming back to matters before the meeting Mr. Lovie moved that the chairman be empowered to appoint a committee of twelve citizens, three of whom are to be ladies, to select nominees for the city council. Mr. Merrill amended Mr. Lovie's motion to include the two holdover members of the board and the presiding officer. The motion as amneded was carried.

Professor Felton suggested that the committee also select candidates for the offices of city clerk and treasurer, which suggestion was adopted.

Chairman Landscheit suggested that the selection of the nominating committee was a question requiring some deliberation and at his own request he was allowed time in which to announce the personel of the committee.

On motion of R. F. Chilcott the meeting adjourned to meet again at the same place on the evening of February 26th, when candidates will be selected from the names submitted by the nominating committee.

Chairman Landscheit has named the members of the nominating committe as follows: Geo. W. Lovie, Mark A. Felton, C. M. Doxsee, Carl Muller, Chase Littlejohn, B. C. Byrd, J. N. Winter,Dan Stafford, Thomas Stott, Mrs. Morris Cooper, Mrs. J. H. Mansfield and Mrs. George Gunther. To the committee is added the holdover trustees, Messrs. Hynding and Sampson, and Mr. Landscheit, an ex-officio member.

The committee will meet next Tuesday evening and select the names of five or more citizens for members of the city council, and one or more candidates each for the offices of clerk and treasurer.

LOCAL BOARD OF TRADE. TO AID FAIR PUBLICITY.

Owing probably to numerous other attractions scheduled for the week, there was but a slim attendance at the monthly meeting of the Board of Trade on Tuesday evening and but little business of public interest was given consideration. Chairman Tuchsen presided at the meeting, and some few communications were presented by Secretary Archer Kincaid asking the endorsement of enterprises of a general public nature.

A communication from the management of the Panama-Pacific Exposition inclosed a sample of an advertising sticker which it was desired should be used by business men on packages sent abroad. These stickers, which are of an attractive design, will be furnished to those who desire to use them without cost. Secretary Kincaid was instructed to obtain a supply of the stickers and they may be obtained from him.

The matter of securing the use of the council rooms of the new city hall as a place for future meetings was referred to the executive committee of the board, and it is probable that the next meeting will be held in the more commodious quarters.

Five additional applications for membership were received and the names added to the roll.

PREPARING FOR DEDICATION OF NEW MUNICIPAL BUILEING

Under the general direction of Mayor Merrill, preparations are being made for an appropriate dedication of the new city hall building on the afternoon of Thursday, February 22d, thus combinig with the observance of Washington's birthday a celebration of much local interest. At the same time an opportunity will be afforded the public to make a thorough inspection of the new quarters provided for the city officials.

At the close of the mass meeting Monday evening Mr. Merrill announced to the gathering the desire of the council that a public dedication of the new building should be held. At the same time he made a request that representative members of the various fraternal organizations present at the meeting remain for a short conference to assist in the preparation of a suitable program of exercises. In response to this invitation some 20 representative men and women of the city remained at the new cityhall and devoted some time to the suggestion of plans for the observance.

As a time most likely to suit general public convenience it was decided to begin the exercises, which will probably consume about one hour, at 2:30 in the afternoon. The classes of the various schools of the city, both public and private will be invited to participate in the exercises. At the suggestion of those present, a committee consisting of Prof. O. M. Carrington, Mrs. C. E. Cumberson, C. G. Landscheit, A.x H. Lanfear and Dr. G. B. Yount was named to prepare a suitable program.

COUNCIL BIDS ADIEU TO OLD TOWN HALL

Ordinance No. 109 Marks Turning Point in History of Civic Progress.

The City Trustees bade an official farewell to their old place of meeting Wednesday evening. While the purpose of the adjourned meeting, which was attended by all of the trustees except Beeger, was chiefly the final, consideration of the ordinance making official change in the location of the place of holding the sessions of the council, the meeting was prolonged sufficiently to give consideration to several other matters of city business.

A petition bearing the signatures of a number of residents of Dingee Park was presented asking that additional street lights be installed on Broadway between the depot and Elwood street, on Duane from Broadway to the corner of Arlington road and Oakdale avenue, on Brewster avenue from Broadway to Fulton, on Birch from Bradway to Whippleroad, and Hopkins avenue from the County road to Duane street. While generally favorable to the proposition of extending the lighting system, this proposition seemed to strike the trustees as a rather extensive investment and after a short discussion the petition was filed for future investigation.

A request from T. R. Laubach and John C. Wuthrich for an extension o the water service on Oak avenue west of the County road was granted and StreetSuperintendent J. C. Dickey was authorized to install the necessary mains.

Ordinance No. 109, the ordinance designating the new cityhall as the place ofholding future meetings of the council was presented by Clerk Plump for final action. A motion by Trustee Hynding to place the ordinance on its final passage wet with a prompt sceond from Trustee Brown, and on a call of the roll each of the trustees responded with a hearty "aye."

Ordinance No. 110, designating the boundaries of the municipal electon precincts, introduced at the previous meeting was given its final reading and adoption by a unanimous vote. The precincts correspond with those recently adopted for the county by the supervisors.

Truste Sampson reported to the council that through the malicious acts of some unknown persons some injury had been done to the lift bridgeonEast Bradford street, necessitating some repairs to the guard gates. Street Superintendent Dickey was instructed to make the necessary repairs, and some efforts will be made to trace the authors of the mischief.

At the suggestion of Mrs. Kalenborn, president of the Park Commission, some discussion was given to the need of providing protection for the shade trees growing upon the sidewalks. It is probable that in the near future an ordinance will be provided making the mutilation of trees on the public streets a misdemeanor.

At the suggestion of Trustee Sampson, a resolution was adopted granting the fire department the use of the old meeting room of the council for meeting and recreation purposes. As soon as the necessary work can be done the place will be fitted up as a social hall for the department and will be used under the supervision of Chief Winter.

The council then adjourned to meet next Monday evening in the new city hall.

SLAYER OF MOORE IS DENIED HIS FREEDOM

R. S. Timothy, the chauffeur, who shot and killed John J. Moore at San Mateo, claiming self defense, was denied his freedom on Saturday by Judge Buck. Timothy was brought before the court on a writ of habeas corpus. His attorney alleged that he was held without cause, and submitted the evidence taken in the justice court to substantiate his plea.

Timothy pleaded not guilty to the information charging him with murder, and the court set February 26 as the date for his trial. Judge Buck intimated that he would consider an application for bail if it were presented to him. Attorney Mansfield has made a further effort to secure the discharge of Timothy by suing out a writ of habeas corpus in the Supreme Court.

The will of the late John J. Moore, which cut off his wife with $1, may be contested. Superior Judge Buck, at the request of Mrs. Moore's attorneys, has ordered that Moore's son and executor, Jefferson J. Moore, bring to court tomorrow any previous wills made by Moore.

HERE IS A PLAN TO KEEP REDWOOD MONEY AT HOME

Redwood City consumes 35,000 cigars each month. This is a conservative estimate made by C. B. Gregory, the local dealer. Mr. Gregory says that if those cigars were manufactured in Redwood City it would require the services of thirty skilled employes, and besides the money that is now sent abroad for cheap and questionable goods would be spent at home and be of some benefit to the community.

With the idea of catering to the home trade Mr. Gregory has purchased the cigar business heretofore conducted by Robert Boehn. He has organized the Havana Manufacturing Company and fitted up a factory on Main street near Mound of which Mr. Boehn has been made superintendent. The factory already employs four people and is turning out several fine brands of cigars.

The product is being supplied to the home dealers and the overflow of the factory is readily sold in the neighborhood and in San Francisco, Oakland and Richmond. As fast as the demand increases Mr. Gregory will add to his force of employes. He hopes to convert every local smoker to the home-product doctrine and thereby build up a large business, benefitting himself as well as the community.

Going further Mr. Gregory estimates that there are over 150,000 cigars consumed throughout the county every month. Allowing the San Mateo manufactures their share of the trade, at least half of those cigars could be made in this city, giving employment to a large force of well paid skilled workmen. It needs no speculation to tell what the great benefit would be.

The Havana Manufacturing Company sells its 10-cent cigars at $10 per thousand cheaper than the out-of-town wholesalers, and its 5-cent cigars from $5 to $7.50 cheaper per thousand. The reason for this saving is that the retailer buys directly from the factory and there is no middle-man's profit to pay.

If local consumers would insist on having home-made goods the retailers would carry none other. It is up to the people to start the movement and keep Redwood City's money at home.

California Invitation Day

February 23d is California Invitation Day, on which date the people of California, individually and collectively, will extend an invitation to the east to come to this land of sunshine and flowers and live in comfort and happiness. The railroad has issued thousands of mailing cards with designs suited to every section of the state, which will be distributed free by the company's agents. Last year this plan of inducing eastern people to come to the coast was inaugurated with gratifying results. It is asked that every resident of California lend his aid in making the plan as successful this year.

Thomas Epperley left Thursday for Santa Marguerita on a business trip. He will be absent in the south for two weeks.
